

Xelene Aguiar

Executive Post Graduate Programme in Management (EPGP) 2018-2019

Gold Medallist – Best All Round Performance

While pursuing the one-year Executive Post Graduate Programme in Management at IIMB, Xelene won the case writing competition at the IIMB Business Conclave. She was among the top five finalists at ‘Farmonomics-Business Plan’ contest, hosted by ISB Hyderabad, and among the top 30 in the semi-final round of the Cognizant CXO Challenge.

For 36-year-old Xelene, the IIMB learning experience has been “phenomenal”. “The opportunity to learn from stalwarts in every field, the abundant resources and the unwavering support from every quarter are what has made this year absolutely worth it,” she says.

Her dream is to start her own venture in the agricultural sector.

The eldest of four siblings, Xelene hails from a middle class family in Mumbai. Her father is a marine engineer turned cashew-farmer, and her mother is a homemaker.

Xelene was the recipient of the Top-5 Merit Scholarship awarded by IIM Bangalore.
