

**KSHITIJ CHAUDHARY**  
**Post Graduate Programme in Management (PGP) 2014-16**  
**Gold Medal for Best All Round Performance**

“I feel immense pride in receiving the gold medal for the best all-rounder. My parents have always encouraged me to try out new things and maintain a balance between academics and sports. That’s probably the reason I am getting this award. An MBA from any of the IIMs is a very demanding journey with lots of mini successes and failures along the way. What has really helped me keep my calm and perform well is the constant support from my family and the amazing friends that I made here,” says a delighted Kshitij Chaudhary, the recipient of the Gold Medal for Best All Round Performance, PGP 2014-16.

Kshitij’s qualifications include a B. Tech in Chemical Engineering from IIT Delhi. He has acquired professional experience working in reputed firms like PWC (Associate), BCG (Summer Intern) and ITC (Summer Intern).

Some of his achievements at IIMB include featuring in the Director’s Merit List, winning the Daad scholarship for the exchange program in 2015 and representing IIMB at the International Finance Competition at Bocconi University, Italy, earlier this year.

As Senior Coordinator, Student Media Cell, he worked with a team of 15 club members in managing media relations for student-led events. A national level tennis player, he is a Frisbee enthusiast.
