

NIRAV SHAH

Post Graduate Programme in Enterprise Management (PGPEM) 2014-16

Gold Medal – I Rank Holder

At IIMB, Nirav notched up a consistent high performance throughout the duration of the two-year programme. He was selected for a week-long academic programme, on Global Product Strategy, at the University of Tokyo, Japan.

An active member of the 2014-15 Student Affairs Council, he has served as Student Exchange Coordinator and worked closely with the Office of International Affairs at IIMB to secure the Cornell IJ-CSPP STSEP program eligibility for the PGPEM.

Nirav participated in the PGPEM Friendship Cup 2016, assisted PGPEM management at open house events and was one of the key participants in driving a weekend stay approval for future PGPEM batches for better campus integration.

On winning the Gold Medal, Nirav says: “This is a testament to the two years of sacrifice that my family and I made. It is a great honour to be awarded the gold medal from this very prestigious Institute. I will cherish this moment forever. I have learnt immensely from the faculty and from my peers. I will strive to carry brand IIMB to greater heights. I will always be proud of my alma mater.”
